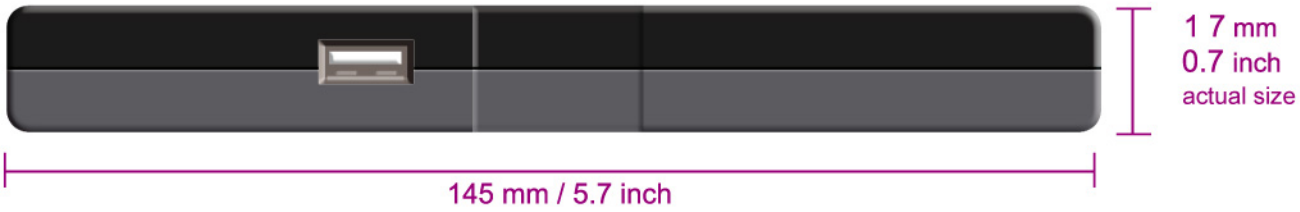
GOOD DESIGN PRODUCT

COMPUTEX TAIPEI design & innovation award 2009



Introduction

SNA 95 is designed based on the simple notion of providing Total Power Solution not only for laptop users, but most of USB devices,such as: mobile phone,smart phone,MP3,MP4,iPod,PDA,and GPS.

As the smallest 95W adapter in the world, SNA 95 is offering excellent mobility with its slim design and light weight. SNA 95 is user-friendly, providing convenient storage and cable management with its unique H-shaped reel base and velvet carry bag.

SNA 95 also features smart LED identification: white LED for power-on, white LED flicker for protection, and blue LED for USB-charge. The texture and design of SNA 95 is impeccably classic and elegant to be users' first choice.
